

District: \_\_\_\_\_

Name of Artist or Group: (Repeat from previous side) Challenger Learning Center of Orleans, Niagara, & Erie

For Interdisciplinary Programs: Please provide an explanation of how using the arts will enhance the subject area:

Using the arts in the Simulated Space Mission will enhance our learning of MST and ELA by increasing student engagement in STEM; increase communication, collaboration, and problem solving skills, and provide real-life experiences to include in their writing.  
How will this program support school goals and/or curriculum objectives to meet the NYS Arts Standards? (Please be specific)

Standards	Objective(s)
Standard 1: Creating and Performing in the Arts	Students will role-play and perform the duties of the Mission Control Team and Mars Transport Vehicle Team.
Standard 2: Knowing and Using Arts Materials and Resources	Students will experience various art materials and resources and make connections to their school work.
Standard 3: Responding to and Analyzing Works of Art	Students will analyze the various visual arts simulations and use their "new" knowledge in their writing piece when we return to school.
Standard 4: Understanding the Cultural Dimensions and Contributions of The Arts	Students will relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
